RESOLUTIONS.

The Board of Directors of Maryville College passed the following resolution on June 8, 1916:

"Resolved, That the thanks of the Board be given the people of Maryville who so generously opened their homes to the students of Carnegie Hall upon the dedication of that building, and to the friends that contributed help to students who lost their possessions in the fire. Many families inconvenienced themselves greatly in order to afford accommodations to the students. This kindness was a delightful exhibition of the spirit of sympathy and appreciation which later on revealed itself in the Maryville and Blount county movement to rebuild Carnegie hall."
